

ABOUT ME

I am a Barcelona-based fashion designer. Graduated in Fashion Design at IED Barcelona.

My work is conceptual and specialized in unconventional shapes, fabrics and patterns.
I like to keep the playfulness of the creation process on the garments where the shapes and the experimentation with materials and feminine volumes are fundamental.

I have a gender-fluid vision of fashion and with my collections I aim to break with the stablished conventional ideas of gender being inspired in a personal view of actual society.

MEDITERRÁNEO

LA NUEVA OLA SPORT-CHIC
Anna Vallés ha querido mostrar en su última colección sus raíces mediterráneas: el mar, los puertos y el trabajo diario de quienes faenan en las zonas industriales de la costa. Buscando el nexo entre los volantes y los volúmenes y los materiales rudos como cuerdas y elásticos, que dan esa apariencia sport a vestidos de textura sumamente agradable, la catalana inunda nuestros armarios con vestidos que podemos llevar tanto de día como de noche y en cualquier ocasión. **Vestido con arnés, 1.350 €**

Miradas de ensueño

Las gafas redondas son una leyenda del eyewear; representan los ideales pacifistas que surgieron en los sesenta. En la actualidad, son un must unisex para looks alternativos y multicolores, aplicables según el outfit del día. Cottet Barcelona ha creado estos modelos fabricados con acetato natural en la frente y las varillas. Las lentes son de policarbonato de calidad óptica, con una alta nitidez de visión. **89 € cottet.es**
